

DecraSound

Acoustic Solutions, Exciting Designs

Cluster Suspended Acoustic System

Cluster Acoustic Suspended Ceiling is our suspended parametric ceiling baffle that redefines architectural aesthetics through geometric symmetry and design.

Our Cluster Acoustic system absorbs sound perfectly in large, open spaces where it may be uncomfortable for people to work and focus. This system is designed with multiple blades, angles and colours that allow you to create a visually appealing and acoustically comfortable space.

Features & Benefits

- Enhance the interior styling of a space with our extensive colour palette.
- Environmentally friendly noise control solution.
- Humidity and moisture resistant.
- Odourless, low-VOC content and non-toxic.
- Fire rated to Australian, European and American Standards: Group 1 Fire Rating AS5637 ISO9705, ASTM E84 Class A, EN 13501-1:2007 +A1:2009 Class B
- Outstanding quality and excellent acoustic performance.
