## DNA Suspended Acoustic System

The DNA Acoustic Ceiling System is a truly one-of-a kind acoustic ceiling system. You can use one shape to design an arrangement that is unique to your space and truly unlike any other interior design. Our DNA acoustic system can be constructed to fit any space or ceiling and the molecule shapes are available in 200mm or 300mm.

No matter if you're looking to improve the acoustic performance and reduce reverberation with a stairway, work stations or welcoming people within your reception area, the formations are absolutely endless.

### Features & Benefits

- Enhance the interior styling of a space with our extensive colour palette.
- Environmentally friendly noise control solution.
- Humidity and moisture resistant.
- Odourless, low-VOC content and non-toxic.
- Fire rated to Australian, European and American Standards: Group 1 Fire Rating AS5637 ISO9705, ASTM E84 Class A, EN 13501-1:2007 +A1:2009 Class B
- Outstanding quality and excellent acoustic performance.
